Subject: Re: Agenda for 11/9 mtg

Yes, sorry I was out yesterday. I will send you something on agenda and our attendees. I was thinking around 2 hours though as well.

I also just spoke with Tierra, and Enrique was going to ask Eugenia about availability for observation of the Newark Bay sediment processing facility on the 10th. I understand you may be available on the 8th too. The 8th works well for us so if you guys agree, I'll ask Tierra to coordinate for the 8th.

Thanks!

I couldn't remember if you were going to send me something, but wanted to confirm the agenda for 11/9 that we talked about last week. Feel free to change things - and the timing is just to give me some idea of length of meeting; I'm afraid I had to schedule another meeting at 3:30pm on 11/9, but I think we should be done by then.

11/9/16 at 10 AM
EPA Region 2, 290 Broadway, NYC, 18th Floor, Room 1836
Call in number 844-637-3111, conf ext 84427, code 123456
